hswaw - Bugless #11

k0: move from docker-shim to containerd

02/08/2021 05:46 PM - q3k

Status:	Resolved	
Priority:	High	
Assignee:	q3k	
Category:		

Description
docker-shim for kubelet integration is deprecated and gone in newer versions of kube, and q3k generally thinks it's causing us some kubelet badness (eg. when (re)starting pods with volumes that take a while to fsck).
