matrix.hackerspace.pl: migrate media to s3/rgw

09/10/2021 03:24 PM - q3k

Status:	Resolved
Priority:	Urgent

Description	
We ran out of disk space on the Matrix media server, and now media uploads on matrix.hackerspace.pl are broken.	
Instead of growing the disk and continuing this mess, let's just move it to S3?	
inf looked into this at some point and says he'll try to take care of it today.
